Offer to Install Automatic Fire Sprinkler System in One or Two-Family Home

My builder has given me the option of having an automatic fire sprinkler installed in my new home in accordance with the provisions of section R313.2 of the 2015 International Residential Code.

My builder has provided me information on the initial and ongoing costs of installation and maintenance of the system. I understand that my cost to have an automatic fire sprinkler system installed in my new home will be \$_____. I understand that certain additional costs may be required in the future to maintain the system.

My builder has provided me information as made available by the Office of the Pennsylvania State Fire Commissioner about the possible benefits of installing an automatic sprinkler system in my home. My builder has informed me that the information may also be found at the Pennsylvania State Fire Commissioner's website, www.osfc.state.pa.us

After considering both the costs and the benefits of installing an automatic fire sprinkler system in my new home, I have elected to:

Accept the offer for the installation of an automatic sprinkler system in my home.

Decline the offer for the installation of an automatic fire sprinkler system in my home.
