PHYSICAL DESCRIPTION:

This Mansard roofed, Victorian style house has been recently rehabbed and altered. The rehabilitation included the installation of flat-faced rubble stone and new, 1x1 sash windows. In any event, the house has several intact features. The house has 2.3 stories, a full length, flat roofed, front porch, and is 3 bays wide. Prominent features include gabled dormers on the 3 visible sides of the house (as visible from the road), a flared roof, and pediment lintels. The main doorway is centered on the main facade. It consists of a French door, transom, and pediment lentil over the door. The roof is composed of slate-like asphalt. Other features include a single story, bay window on the western side, as well as a 3 level extension towards the rear of the house. There is also a small shed roofed addition on the rear of the house.

Classification: Class II, due to alterations.
