**PHYSICAL DESCRIPTION:**

This heavily altered, vernacular, house consists of a two-story core and rear addition. The core consists of a 3-bay, 2-story structure with an end gabled, asphalt-shingled roof. A single flush, brick chimney is located on the north end. Partial roof returns are visible on the gabled ends of the house. Fenestration is modern. Two 1x1 attic windows are located under each gable. The center door is deeply recessed, indicating the possibility of masonry walls. The foundation is stucco over stone. The core measures approximately 30' x 15'.

The 2-story rear addition essentially creates a 30' x 30' square building. Its gabled roof creates a cross-gabled pattern over the entire structure, which is clad in vinyl siding.

**Classification:** Building is heavily altered and thus Class II.
