**No Photograph**

This Georgian house was originally completed in 1752, according to tax records. It consists of a 2-part ashlar core, a 2-story rear addition, and a recent frame addition, also attached to the rear of the core. The ashlar detailing is rarely found on other buildings in the Township. The cores are two stories and six bays across, when combined. There are stucco-covered chimneys at both ends of the house, plus one large brick addition on the southeast corner. The structure is topped with an end gabled, asphalt shingle roof. A full-length, hipped roof porch spans the length of the main façade. Doors are recessed and paneled. Windows are new, 6x6 sash. The building is in excellent condition.

The main addition consists of stucco masonry walls. A smaller frame addition is attached to the rear of the core near the southeast corner.

**Classification:** Class I.
